

Auraria Higher Education Center
Denver, Colorado

Tivoli Student Union Site Master Plan

The Auraria Campus completed a "mini-master plan" for the Tivoli Building and its surrounding site. JBA developed a long range site plan that will include issues such as future parking needs (possible structure), vehicular circulation, loading docks, athletic fields, outdoor event spaces, tennis courts, building entries, and accessibility issues.

JBA's role on the project was programmer, planner, project manager and project architect.

Budget: \$20,407,000

Date: 2004
