Health/Science Facility and Beaty Hall Renovation Program Plan

Prepared program plan for a new Health and Sciences Building and Renovation of Ed Beaty Hall to provide much needed improvements for the science/health facilities and improve existing campus conditions and operations. The plan provided flexibility and adaptability to address today's needs while planning for the unknowns of the future.

The program plan project consisted of a new 3- story Health and Sciences building to house classrooms, laboratory and office space for the Allied Health Programs and renovation of Ed Beaty Hall to house media and learning centers, classrooms, laboratories and offices.

JBA's role on the project was programmer, planner, project manager and project architect.
